## Customer Reviews

Though it has pictures of mostly girls it is appropriate for moms with boys. The writings and illustrations are precious. It brings you to tears. Any mom should be emotional while reading this book. I recommend it as a gift to young moms.

This is a beautiful and charming book. I ordered eight copies for gifts and will order more. There are heartwarming pictures of mothers and children, along with thoughtful and wise words about the joy and love of being a mom. This is a perfect gift for a new mom or any mom.

This is one of the most gorgeous books I've ever seen. As a mother, this book made me laugh and cry. Amazingly gorgeous pictures and sayings that really touched my heart. I love her website JoyofMom.com and read it every single day. She also has amazing contests! I hope this is the first of many books from Vicki Reece. I love how she embraces motherhood with such enthusiasm, joy and wonder.

This is by far the most beautiful and meaningful book on Motherhood! I purchased one for my wife, my daughter and my mother-in-law. It's not just for Mother's Day but for every day! These powerful messages will touch and move every mother's heart and remind them of all the blessings in their life!
