This spiral book is part of the authors Irish Families Project. I must admit I have purchased many of these even if not yet needed. I am helping with family and friends with family research and these County Books have proven great! I actually started with the more in depth book, "Irish Families, Great and Small" and worked myself into these. You are given the address and location of records for more research in Ireland. [...]

Was very disappointed in this book. Nothing I could use in my research. Not enough information for the price. Will be returning.

Mom's family was Irish, from County Antrim.
