Customer Reviews

This is a must have for navigators using sextant readings as backup/verification for the GPS systems. It really doesn't matter much whether you choose the UK or US editions, all of the tabular information is identical.

What can one say? The Nautical Almanac is the Nautical Almanac is the Thankfully we can get it through .

I order year after year. Learned to use it when celestial navigation used to be taught at the Naval Academy.

What is there to say? Contains everything I needed for Celestial Navigation Classes.

All the data the NA is supposed to have in clear easy to read type.

If you know what this, buy one you probably need it. Good price.

Excellent product. Exactly what I ordered. Highly recommended.

Buy on every year and use in teaching celestial navigation.
