## **Synopsis**

A great step parenting and blended families resource for both the stepparent and the existing parent. Tired of reading a book that is hundreds of pages in length, then thinking they could have boiled down the "important parts" and saved you a lot of time? Here's a book that eliminates the fluff and gives you just the nuggets in 50 one or two-page chapters, each with an accompanying photo. Fast, easy and insightful reading. Critical steps to loving and effective step parenting of young children, teenagers and adult stepchildren. Randall Hicks' prior books on family formation and parenting have been featured on The Today Show, CBS This Morning, Sally Jesse Raphael, Mike and Maty, John and Leeza from Hollywood, The Home Show and the PBS network, as well as in The New York Times, Los Angeles Times and Chicago Sun-Times. Publishers Weekly has called Randall Hicks' books "Educational and empowering. No-nonsense, matter-of-fact advice while taking a compassionate approach." The American Library Association's review stated, "Shows the anxious parent with information." Library Journal reviewed his last book as "A must read." With Randall Hicks' easy-to-read, conversational writing style, his newest book on step-parenting will surely match the acclaim and success of his prior parenting books. **STEP PARENTING: 50 One-Minute DOs & DON'Ts for Stepdads & Stepmoms** is a book that offers practical, insightful and compassionate guidance in building a strong family benefiting everyone: the stepparent, the existing parent, the stepchild, and step-siblings.

## **Customer Reviews**

Great easy read. I found it very helpful and full of insight in dealing with every day simple challenges I have as a step parent. Step parenting is tough sometimes and this book re-enforced some of my ideas of what is very important to me and my family with clarity.

This book gave me great insights into many of the situations and day-to-day challenges step parenting can have. I found it also a valuable book for parenting in general. Very much a good addition to my library and knowledge. Fast to read so, for me, it was read it before I need it.

I purchased the book using my son's account. I want to say that I will recommend "Stepparent Do's and Don'ts "to my patients. It gives many good tips to parents, Easy to read and overall a really good book.

This book is easy and quick to read. Great common sense tips to start out the relationship on the right foot or get it back on track. I will use this advice as a step mom and grandmother.
